

acrylux

6 Reasons Why You Should Be Using Acrylux Premium Quality Exterior Paints!

Acrylux Premium Paints:

- **Are formulated with high solids content**, allowing them to last twice as long as ordinary latex paint.
- **Maintain colors** throughout rigorous conditions, including Florida's constant UV-exposure.
- **Have extraordinary durability**, attested by the thousands of homes and buildings painted with Acrylux since 1959.
- **Have exceptional adhesion power**, which prevents peeling and flaking without special primers*.
- **Have resistance to moisture** to prevent water intrusion from wind-driven rain.
- **Have added biocides** to resist fungi, mold, and algae from growing on the paint surface that national brands ignore.

25-YEAR PERFORMANCE WARRANTY

If Acrylux Paint, when applied in accordance with label instructions, chinks away to reveal the stucco substrate beneath, we will replace the paint free of charge*
